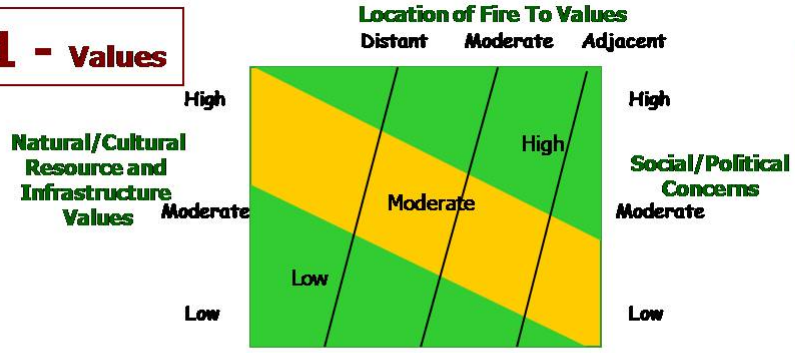
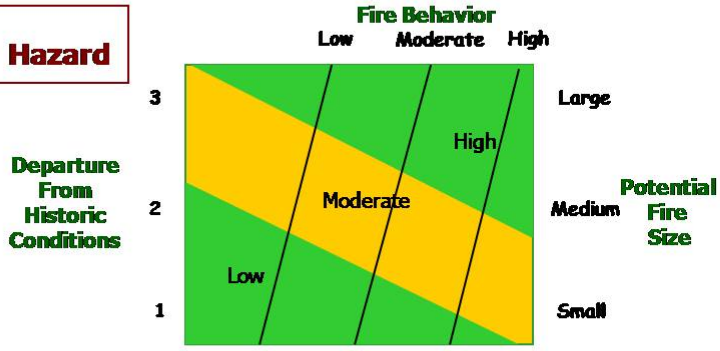
RATIONALE - RESOURCE AVAILABILITY:

Wildland Fire Relative Risk Assessment

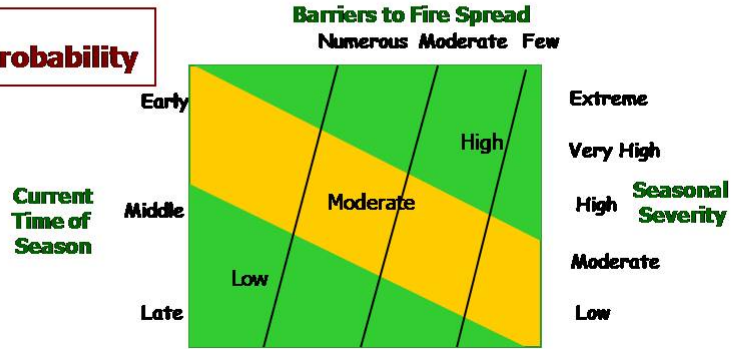
1 - Values



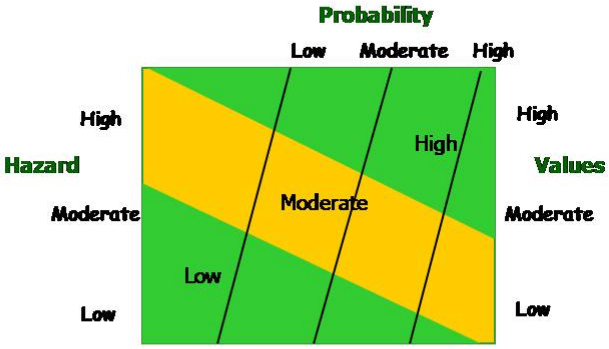
2 - Hazard



3- Probability



4 - Relative Risk



Complete Steps 1-3: Connect the left and right variables with a line. At the top of the chart, select the appropriate value; follow the line beneath this value down to its intersection with the connecting left and right variable. Use these results as input to Step 4.
Complete Steps 4: Read the relative risk from (Low/Mod/High) where the line intersect occurs.

RELATIVE RISK ASSESSMENT NARRATIVE:

Signature (Duty Officer, IC, or FMO) -

Signature (Line Officer) -
